## Rachel's Current Situation

1. **If convicted she could spend the rest of her life in prison.**
2. **"Evidence."** After 5 months her lawyer received THOUSANDS of hours of video, mostly not containing her, or is not viewable due to poor quality. ***It's physically & economically impossible to review and sort. She has not been allowed to see the evidence herself yet.***
3. **Court ordered to wear a mask.** Rachel had to wear a mask anytime she stepped out of her home or be put back in jail until a few months ago when Judge Lamberth granted her motion to remove the mask.
4. **She's on house arrest** & can only go to work, church, & doctor's appointments. She can't even go outside in the yard and had to get rid of her livestock, missed the birth of her grandchild, and her daughter's wedding because of her house arrest. The prosecution continually fabricates lies to keep her locked up.
5. **Her children were removed from her custody between Feb. & Oct. 2021** The homeschooled children had always happily lived with their mom. The youngest is only six years old.
6. **Trial will cost up to \$250,000.** She had to sell her home to pay legal bills. Lawyers have received over \$75k. If it goes to trial she'll be labeled a domestic terrorist and sentenced harshly if convicted. Her plea bargain has had bad things in it never seen before by her lawyer.
